

An ounce of prevention is worth a pound of cure.

The Proof's In Your Home.

Don't wait for disaster to happen, before protecting your most important investment! The Mold Proof System provides you with the highest standards in environmentally safe mold prevention technology **PLUS** trained experts that install each system.

Mold Proof specializes in:

- **Attics**
- **Crawl Spaces**
- **Basements**
- **Remodels**
- **New Housing Additions**

In a CertainTeed Survey:

84% of respondents said that, when buying an existing home, they would not purchase a home with a history of mold, even if it could be shown that the problem was properly remediated.

Mold Proof offers a Lifetime Structural Warranty along with a Permanent Property History Report to all existing structures treated with our system.

You can rest easy knowing that if it carries the Mold Proof name, your property is mold proof.
